

Alice Rhodes (They/Them)

Preferred Contact Method:

arhodes1@tuta.com

Location:

Pittsburgh, PA, USA

Degree:

B.S. Information Systems

University of Maryland

Baltimore County (UMBC)

Citizenship(s):

United States

Website(s):

alicerhodes.com & c0debabe.com

Intelligent, quick-learning, and creative, I enjoy solving problems logically. I am seeking remote work anywhere that needs documentation-oriented IT worker. I do not use any machine-learning powered tools because the experience of hands-on learning is priceless. In my spare time, I enjoy tinkering with technology, arts and crafts (especially crochet), and video games.

Skills

Concepts

Functional programming, object oriented programming, memory management, relational databases, atomic transactions, create-read-update-delete, modular programming, waterfall development, agile development, accessible UIs (Section 508), usability, information architecture, progressive enhancement, mobile first design.

Platforms, Frameworks, and Tools

Windows, Mac OS X, Linux, Palm webOS, Django, Drupal (since version 5), Magento OpenSource, Bootstrap, jQuery, LESS, Palm Enyo and other single-page application frameworks, Cursive (Rust TUI), Adobe Photo Shop and equivalents, Adobe Illustrator and equivalents, Adobe InDesign and equivalents.

Languages and Markup

PHP, Python, HTML, JavaScript, JSON, TOML, YAML, AJAX, XML, CSS, SQL (MySQL, MariaDB, PostgreSQL), Bash, Rust, LESS, SASS, Twig and other template systems, and I'm probably missing some on this list.

Additional Notes

- Full work history goes back to 2004 for all paid work and is available upon request
- Professional references available upon request
- Preferred work type 100% remote with little to no travel
- Willing to relocate for the right job
- Resume joke I heard: "Can you explain this gap in your resume?" "I'm not very good with CSS."
